Figure 6 settings for your newly added account are available from the File menu in Microsoft Outlook and selecting the appropriate account from the drop down

Outlook 2019/Outlook 365 - Standard Email

The setup screens for both these versions vary to other versions of versions of Outlook so verbal setup instructions will not be fully applicable.

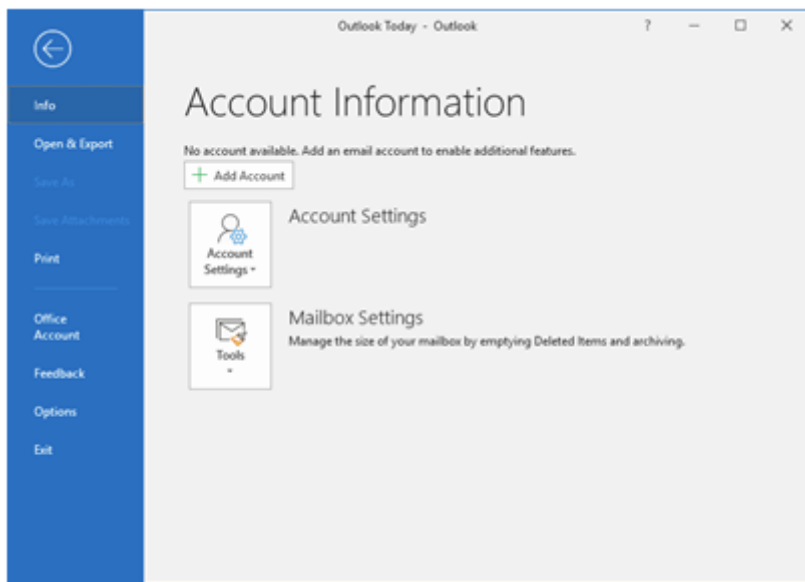

Figure 7 Microsoft Outlook account settings (File Menu)

Figure 8 enter your email address in the Outlook welcome screen and tick manual setup

Figure 9 Choose from IMAP or POP email accounts. IMAP is recommended.

Figure 10 complete the email settings as illustrated, incoming and outgoing mail servers, encryption and ports

If you are using our Mongolian servers, please use **mail.mn.rackcorp.com** as the mail server.

Figure 11 complete the password for your email account

Figure 12 Outlook welcome process is a success message. There is a optional link selected by default that leads to a webpage describing how to install Outlook for mobile.

Outlook 2019/Outlook 365 - Hosted Exchange

Figure 13. Add a new account to outlook. Note the exact screen varies version to version

Fig 14. Choose **EXCHANGE** from the email selection

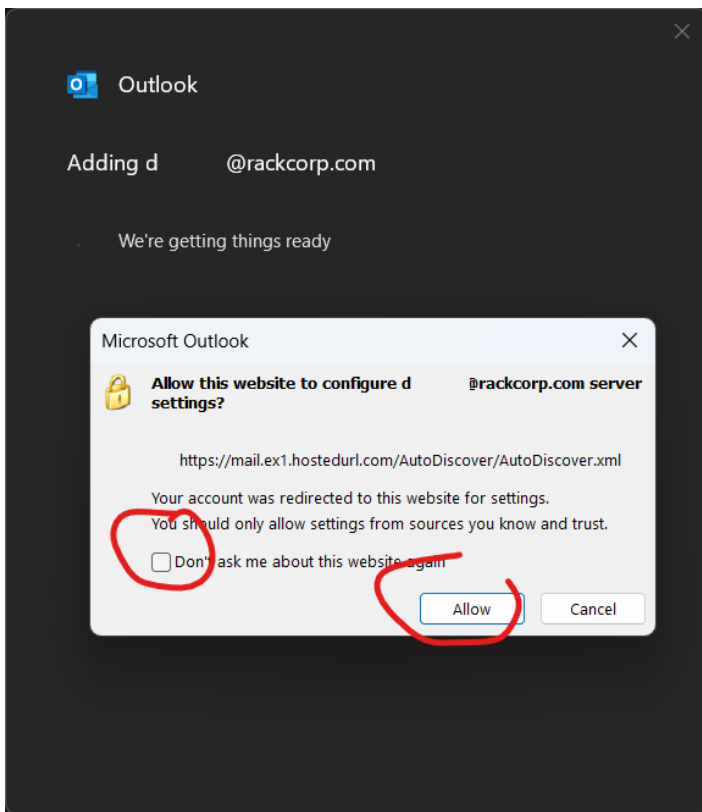

Fig 15. A permissions popup will appear soon after. Select The options circled in red as screenshot. The popup might be hidden or obscured by outlook.

Fig 16. enter your exchange password. Selecting Remeber my Password is optional.

Fig 17. If your password is correct you will be presented with options. The defaults are sufficient.
