Nextcloud Hub

Nextcloud Hub

Welcome to Nextcloud Hub, your self-hosted collaboration platform.

Nextcloud Hub is the open source file share and collaboration software for everyone from individuals to large enterprises and service providers. Nextcloud provides a safe, secure and compliant online work environment on servers you control.

With Nextcloud Hub you can:

- Sync and share and access all your files and documents from all your devices
- View and share your photos and media files
- Edit your documents with others, in real time

You can do all of this in the web interface, via your desktop, laptop or your Android and iOS devices.

Whether using a mobile device, a workstation, or a web client, Nextcloud provides the ability to put the right files in the right hands at the right time on any device in one simple-to-use, secure and private solution.

The screenshot shows the Roundcube Webmail interface with the presentation editor open. The browser address bar displays the URL https://n2.hostedurl.com/roundcube/?_task=nextcloud. The interface includes a sidebar with navigation options: Compose, Mail, Contacts, Cloud, Notes, Help, Calendar, Tasks, Settings, Dark mode, About, and Logout. The main area displays a presentation slide titled "Elegant slides" with a dark green background and white text. The slide content includes "Name · Conference · Date". The top of the interface shows the RackCorp logo and a menu with options: File, Edit, View, Insert, Format, Table, Slide, Tools, Help. The status bar indicates "Last saved: 10 sec ago". The presentation editor toolbar includes options for Title Slide, Liberation Sans, 18, Bold, Italic, Underline, Strikethrough, Font Color, Background Color, and Bulleted List. The slide content includes "Elegant slides" and "Name · Conference · Date".
